

# **Curriculum Delivery Policy**

As set out in the Ministry of Education's NAG1 documentation, each Board, through the Principal and staff, is required to:

- develop and implement teaching and learning programmes.
- through a range of assessment practices, gather information that is sufficiently comprehensive to enable the progress and achievement of students to be evaluated
- identify students and groups of students who require special educational provision and implement teaching and learning strategies to address their needs.
- develop specific plans and targets for improving the achievement of Māori students
- ensure the curriculum is sufficiently broad and locally focussed to engage all students in programmes which have individual and personal interest
- engage with local hapu to ensure a localised curriculum
